MEMORANDUM FOR: D/NPIC

AD/CI

SUBJECT : Briefings for Foreigners on the Cuban Situation

1. In order that the DD/I may make a report of DD/I activities connected with the briefings of foreigners on the Cuban situation, I would appreciate your sending to this office a report of such activities carried out by you and other members of your organizations. I suggest that your report cover three phases.

- (a) Briefings prior to the 22nd of October 1962.
- (b) Briefings connected with the President's speech on 22 October.
- (c) Subsequent briefings through the 10th of November (assuming that there is reasonably good evidence that Soviet missiles have been actually withdrawn by the 10th of November. If such is not the case, we should extend the cut off date appropriately).

2. Please let us have these reports by c.o.b., 16 November 1962.
